The Cannes Lions Festival celebrates 60 years of inspiring creativity. Inspiring creativity is at the heart of the Cannes Lions International Festival of Creativity, held every June. Attracting more than 34,000 entries from all over the world, the festival is a truly global meeting place for the industry, where creative professionals come to debate, learn, and be inspired; where the greatest industry honors are bestowed; where those pushing creative communications forward are celebrated. In 2013, the festival is celebrating 60 years of awarding innovative, solution-driven, ground-breaking thinking; to mark the occasion, Cannes Lions and TASCHEEN present "Game Changers," a retrospective of the past 60 years. A creative council of five top names in the creative industry has selected the most important works that paved the way for advertising professionals to change the way they communicate with consumers. Also included is a timeline showing a retrospective of groundbreaking work from the past 60 years.
